

Special Feature

Toward a **More** Livable City

## Let's Take the **JR Kusatsu Line!**

みんなで乗ろう! 草津線

The JR Kusatsu Line is not only our daily means of transportation for commuting to work and school, but also plays an important role in community development. However, the number of users has been decreasing year by year due to various social factors such as population decline and the COVID-19 pandemic. As a result, the frequency of services could be further reduced in the future.

Public transportation is not guaranteed; it is maintained only when there are enough users. We invite you to join us in considering what we can do now to preserve the JR Kusatsu Line for the future.

● Inquiries: Kokyo Kotsu Suishin Ka (Tel) 69-2215 (Fax) 63-4601

### JR Kusatsu Line (Koka City)

# The Kusatsu Line is **Essential** for Koka City to Become a **More Livable City**.

The JR Kusatsu Line is a very important part of our public transportation network, promoting community development and making Koka City an attractive place to live.

While many of us often travel by car, it's essential to protect transportation options for those who cannot drive.

## What if the JR Kusatsu Line is discontinued?

I'll need to think about moving to another place that is convenient for my children to go to school.

If I give up my driver's license, I'll have no way to travel...

I'll have to leave home very early in the morning to avoid the commuter traffic...

I'll have to have my parents drive me to school...

Without the Kusatsu Line, Koka City's population might decrease as residents move elsewhere in search of a more comfortable living environment.

**It is important to take action now, for the future of our community!**

## Protect JR Kusatsu Line Together Project!

If Koka citizens ride the Kusatsu Line one extra time per month, we can increase the annual number of passengers by 2 million. The increase in users could also lead to an increase in frequency of services!

## The More You Come, the More You'll Love Kibukawa! Community Project "PLAT Kibukawa"

At Kibukawa Station, which connects the JR Kusatsu Line, Omi Railway, and Shigaraki Kogen Railway, a community project "PLAT Kibukawa" is underway to envision the future of the station area.

Around the station exit, mobile homes have been set up, housing pop up cafes and a study/rest space. There are also various fun events with food trucks and stalls for visitors to enjoy daily.

Please take a ride on the JR Kusatsu Line and experience the charms of Kibukawa!

# How Will Things Change? Using Your My Number Card as a Health Insurance Card Vol.3

## マイナンバーカードの保険証利用 Vol.3

From December 2, 2024, paper health insurance cards will no longer be issued. Instead, a new system called 'Myna Hokencho' will be introduced.

**You can use your health insurance card until the expiration date indicated on your health insurance card.**

### Frequently Asked Questions About Myna Hokencho

**Q:** When my health insurance coverage changes, do I need to register again to use Myna Hokencho?

**A:** No, you don't need to register again.

**Q:** Even after registering to use the Myna Hokencho, do I still need to go through the switching process when my health insurer changes?

**A:** If you lose your eligibility for employee's insurance due to retirement and join National Health Insurance, or if you lose your eligibility for National Health Insurance due to new employment, you are required to go through the same switching process as before.

You can register online for Myna Hokencho and confirm your registration information via the Myna Portal website.

# December 3-9 is Disability Awareness Week

12月3日～9日は「障害者週間」です

Disability Awareness Week aims to promote interest in and understanding of the welfare of people with disabilities broadly, and to motivate people with disabilities to participate in activities in all areas of society, economy, culture and other fields.

## What is Reasonable Accommodation?

When someone with a disability asks for help, reasonable accommodations should be made. Each situation is different and there are various types of disabilities, which differ from person to person. It's important to understand the specific needs of the individual and to ask them what they would like.

### Examples of Reasonable Accommodation When Communicating

Speak  
Slowly

Be specific  
and clear

Write

Use Real Objects  
and Pictures

Convert Text to Speech

## Do You Know This Symbol? Help Mark

The Help Mark is a national symbol that shows someone needs assistance and consideration. Some people have disabilities or difficulties that are not obvious just by looking at them.

For example...

Artificial legs and joints, internal impairments, chronic illnesses, early pregnancy, intellectual disabilities, psychological disorders, developmental challenges, dementia, as well as visual, auditory, and speech impairments, including individuals who require sign language or written communication, among others.

If you see someone wearing the Help Mark, please offer them your seat on a train or bus, or help them in any way they need.

Your assistance is also important during emergencies, such as transportation accidents or evacuations due to disasters.

Help Marks are distributed for free to those who need them.

### Where to get the Help Mark

- Shogai Fukushi Ka and Choju Fukushi Ka (1st floor of Koka City Hall)
- Each Chiiki Shimin Center
- Each Chiiki Hokatsu Shien Center
- Shogai Fukushi Ka (Shiga Prefectural Office)
- Koka Hokensho Public Health Center (Shiga Prefectural Government Joint Office)

## Logo for the Multicultural Center Has Been Chosen!

多文化共生センターロゴ決定!

The logo for the Multicultural Center, which opened in May, has been finalized. The logo is a combination of a shuriken and circles representing the connection between us all as human beings. The logo visually represents Koka's uniqueness and highlights the center's role as a gathering place for people from different backgrounds. In other words, it symbolizes a space for multicultural exchange.

## Get Your Year-end Fire Prevention Plan in Place!

年末の防火対策を確実に!

As the weather becomes colder, fires are more likely to occur due to the increased use of heating devices such as kerosene heaters and electric heaters. In addition, the busy end of year period means that fire safety becomes an afterthought. To prevent fires, follow these "4 Habits and 6 Measures to Protect Our Lives from Residential Fire".

### 4 Habits and 6 Measures to Protect Our Lives from Residential Fire

#### ● 4 Habits

1. Don't smoke (or let your loved ones smoke) in bed.
2. Keep flammable items away from heaters.
3. When using a cooking stove, never leave it unattended.
4. Dust around electrical outlets and unplug appliances that aren't being used.

#### ● 6 Measures

1. Use heaters, cooking stoves, and other appliances equipped with safety features.
2. Check residential fire alarms\* regularly and replace them every 10 years or so.
3. Keep rooms tidy and use fire-retardant bedding, clothing, and curtains.
4. Install fire extinguishers and learn how to use them.
5. The elderly and people with physical disabilities should be prepared to evacuate by knowing the safest routes and methods.
6. Take community-wide fire prevention measures by participating in fire drills and accepting door-to-door visits.

\*Please visit our website to learn more about residential fire alarms.

## Tax Non-Payment Prevention Month Have You Paid All Your Taxes?

ストップ滞納!! 強化月間

To ensure fair distribution of the tax burden, Koka City and Shiga Prefecture will reinforce non-payment prevention measures in December.

If payment is not made by the due date, deposits, savings, wages, etc. may be seized and your home or other properties may be searched. If you are unable to pay your taxes due to unavoidable circumstances, please contact us as soon as possible.

### Non-Payment Collection Procedure

#### 1. Demand for Payment

If payment is not made by the due date, a reminder letter will be sent.

#### 2. Property Investigation and Search

Investigations are conducted at financial institutions, workplaces, and houses.

#### 3. Seizure of Assets

Wages, deposits, real estate, automobiles, movable property, etc. are seized.

#### 4. Sale and Transfer of Assets

The seized property will be collected and sold at public auction and converted into cash. The proceeds from the sale will be used to pay the overdue taxes.

## Proper Use of the Sewerage System

下水道の正しい使い方

### There are things that cannot be disposed of down drains or toilets.

Please note the following points to ensure smooth operation of the sewerage system.

#### **Restroom** Use toilet paper

Do not flush tissues, diapers, wet wipes, or sanitary products.

#### **Kitchen** Put a strainer in the sink

Vegetable scraps, leftover food, and tea dregs can cause clogging. Use a strainer to prevent them from going down the drain.

#### **Do not dump cooking oil in the sink**

If you pour cooking oil in the sink, it will mix with soapy wastewater in pipes and harden, causing the sewer pipes to clog.

#### **Non-Disposable Materials**

- Highly volatile and toxic liquids such as gasoline and thinners
- Solid materials such as sand, wood chips, cigarettes, rubber gloves, cloth, vinyl, and plastics
- Strongly acidic/alkaline chemicals and pesticides
- Large amounts of boiling water
- Dog, cat, and other animal feces and urine

#### **No rainwater**

The city's sewer system operates on a diversion system and is not designed to handle rainwater. Allowing rainwater into the sewer pipes may lead to sewage overflows and related issues. We request that each household conducts inspections and addresses any instances of rainwater inflow.

#### **No alcohol disinfectant**

Alcohol disinfectant is highly volatile and flammable. It should never be poured down kitchen or bathroom sinks, as it may catch fire inside residential plumbing or sewer mains.

Please do not pour it down the drain.
